**Reg. :- Bank of Rajasthan Retired Staff Society.**

Sir,

Although the Bank of Rajasthan Staff Association was formed in Kota in 1996 and till that time pension was not started by the Bank, but in view of maintaining cordial relations and better understanding between the Management of the Bank and retired staff members, specially the older ones 80% pension was started to all the retirees on adhoc basis from 1st Jan. 1997 which was made 100% after a few months and arrears from Nov. 93 to Dec. 96 were also released although late but upto Aug. 1999. In the mean time the Association has been requesting and hoping from the Bank all other reasonable benefits and facilities which are prevalent in and provided by other Banks also.

I myself as one of the oldest Ex-staff member of the Bank (Joined the Bank in 1949 and retired in 1986) and presently representing the Bank of Rajasthan Retd. Staff Society as its President since April 2003 also hope your support, blessing and good wishes in furtherance of the welfare and benefits of all retired staff members existing and further coming into our family in future also.

Since almost all the retired staff members have served this Bank with their hard work and dedicated services for more than 3 to 4 decades and most of them are thus associated with the Bank for more than 50 to 55 years, We hope there should be no chance and or reason for any sort of misunderstanding between the present Bank Management and the Retired Staff Members or their Representatives.

We shall therefor be thankful and have to request you to please look into all of their matters as an elderly and head of the family, so that all the veterans of the Bank now as retirees may pass on their retired future life quite peacefully and happily.

With regards,
